At **RUB BBQ Company** all our meats are hand rubbed with a secret blend of seasoning, and set to rest in a chilled environment for 24 hours. This process allows the meat to fully experience all of the spices. We then smoke the meat for hours to create the perfect BBQ taste. We compliment all our meats with gourmet side dishes created from scratch with the freshest, finest, local ingredients.

RUB BBQ is a family owned business. Chef Jared Leonard and his wife Amanda love BBQ and LOVE Chicago.

From the owners - "We traveled North America looking for a place to settle. We lived on an island, tried out the desert, and spent some time in the mountains. I grew up in Chicago & met my wife here. We were married here, we're starting a family here, and now we are lucky enough to be sharing our love for BBQ with the great people of this wonderful city."

Our motto: **RUB IT, SMOKE IT, EAT IT!**
